1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 5, 9, 15, 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 5 and 15 depend from themselves.

Claims 9 and 20 are rejected for depending from a claim rejected under 35 USC 112.

4. Claims 2-23 are rejected under 35 U.S.C. 102(e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Hwang et al for the reasons of record.

See Fig 3 Col 3 lines 16-31; Col 5 lines 45-65. These described embodiments meet the limitations of claims 2, 3, 6, 7, 10-13, 16-18, 21.

While Hwang et al do not describe properties or carbon composition of the layers as in claims 4, 5, 14, 15, 22, 23 it would have been obvious to one of ordinary skill in the art to vary properties of each layer to optimize the results effective properties of adhesion and durability. Optimizing the coating lower layer for adhesion to the medium and optimizing the upper layer for durability in sliding contact.

5. Applicant's arguments filed 9 November 2004 have been fully considered but they are not persuasive.

Applicants argue that Hwang et al do not disclose the presently claimed structure. However Hwang et al do indeed disclose such a structure.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stevan A. Resan whose telephone number is 571-272-1513. The examiner can normally be reached on Tues-Thurs from 7:30 AM to 6:00 PM.
